Land Trust of Virginia and The Goose Creek Association bring you, *The Biggest Little Farm*, the acclaimed film that chronicles the eight-year quest of John and Molly Chester as they trade city living for 200 acres of barren farmland and a dream to harvest in harmony with nature.

Through dogged perseverance and embracing the opportunity provided by nature's conflicts, the Chester's unlock and uncover a biodiverse design for living that exists far beyond their farm, its seasons, and our wildest imagination. This film was a runner-up at the Toronto Film Festival and is showing to worldwide acclaim.

A documentary of Goose Creek is going to be shown immediately after the reception and prior to the feature film. Come learn about the Goose Creek's importance to our watershed.

**“Mother Nature has never been more INSPIRING.”**
